QUALIFICATIONS	I'm a Front-end Developer & IT Engineer. I'm very passionate and dedicated to my work. I've 1-year of experience as a professional front-end web developer.
	I've acquired knowledge of almost everything those are required for front-end development, also I'm trying to learn new things to keep myself updated with new technologies. I've been involved in many practical projects so far, those encourage me a lot.
	I'll ensure delivering a service that is of the highest quality and the best standard.
